

GROWINGROWING HEIDE 2006
15 October – 5 November

The **idyllic gardens** at Heide Museum of Modern Art will be on show this Spring during *Growingrowing Heide 2006* with a series of tours, lectures and special events from **15 October – 5 November 2006**.

Heide's gardens are an integral part of the Heide experience. With new and recently restored gardens, Heide's six and a half hectares property is an ever varying environment of majestic trees, shrubs, flowering plants and paddocks that extend down the hill to the banks of the Yarra River.

From the Kitchen Garden, formal perennial walks and parterre gardens to woodlands and parkland dotted with contemporary sculpture, the overall effect of Heide's gardens is one of discovery.

Growingrowing Heide 2006, first introduced in 2003, continues as the **annual celebration of Spring** at Heide and includes **talks with garden specialists, landscape architects and artists** as well as a series of **free guided tours**:
